SUMMARY

Product-driven iOS Developer with 7+ years of experience building scalable, intuitive, and high-performance mobile apps. Specialized in Swift/SwiftUI, modular architecture (MVVM/Clean), and seamless SDK integrations. Delivered multiple apps with 200K+ users and 99%+ crash-free performance. Comfortable owning features end-to-end—from design and development to deployment. Excels in startup-paced teams shipping fast without compromising code quality.

TECH STACK & CORE SKILLS

- Languages: Swift, SwiftUI, Objective-C, JavaScript
- Architecture: MVVM, MVC, Clean Architecture, Modular Design
- Frameworks: UIKit, Combine, MapKit, AVFoundation
- APIs/SDKs: Firebase, Apple HealthKit, REST APIs, Wearable SDKs
- CI/CD Tools: Fastlane, GitHub Actions, App Store Connect
- Testing: XCTest, XCUITest, Crashlytics, Instruments
- Workflow: Agile/Scrum, Feature Ownership, Code Review, Mentorship

EXPERIENCE

Senior iOS Developer – LivWell Private Limited

Aug 2022 – Present

- Developed wellness + insurance app for SEA markets with Swift UI and Firebase.
- Integrated Co-Fit, HRY Fine, CRP Band SDKs for real-time health tracking.
- Led deployment with CI/CD using Fastlane, Test Flight; 200K+ downloads, 2K+ DAUs

Senior iOS Developer – Pure logic Labs (AQI.com)

Mar 2021 – Aug 2022

- Built AQI air quality monitoring app with real-time data visualization.
- Implemented Core Location, Map Kit, Firebase Realtime DB, charts.
- Managed App Store release, user feedback iterations.

iOS Developer – Narola Infotech

Oct 2019 – Feb 2021

- Delivered 8+ iOS apps across fintech, wellness, and Ed-tech.
- Integrated APIs, push notifications, analytics, in-app purchases.
- Followed Agile, mentored interns, performed code reviews.

iOS Developer – White Orange Software

Apr 2018 – May 2019

- Built productivity apps with localized UI; focused on crash reduction.
- iOS Developer Intern – Tops Technologies | 6-Month Internship.
- Created mini-projects, explored Swift and MVC, contributed to QA.

ACHIEVEMENTS & RECOGNITION

- Best Web App Developer – Inter BCA 2016
- Certificate of Excellence – White Orange Software
- AppleFest 2016 – Emergency Alert System
- Spandan 2017 – Tourism Assistant App
- Pest-IT 2016 – Smart Waste Management App

KEY PROJECTS & TECHNICAL CONTRIBUTIONS

LivWell – Fintech & Wellness App

Tech: Swift UI, Firebase, Wearable SDKs (Co-Fit, CRP Band)

- Achieved 200K+ downloads with 99.18% crash-free sessions
- Integrated wearable health devices for real-time health tracking

Pebble | Smartwatch Utility App

Tech: Swift, Modular SDKs (HRY Fine, FIT Cloud Pro)

- Enabled custom sticker sharing via Message and WhatsApp, enhancing user engagement
- Seamlessly integrated third-party wearable SDKs with modular architecture

Spell ex Medical Keyboard | Healthcare Keyboard Tool

Tech: Swift, Multi-threading

- Built custom keyboard with 500K+ medical terms for healthcare professionals
- Implemented multi-threaded real-time text processing, improving input speed

Stage | Live Streaming App for Influencers

Tech: Swift, OpenTok, Socket.IO

- Engineered live video & chat module
- Enabled real-time interactions, Boosting average session time

TOKE | Classified Listing App

Tech: Swift, Offline Storage, Secure Chat

- Integrated secure in-app purchases and modular UI components
- Built offline messaging feature and data handling

Mixie | Private Social Club App

Tech: Swift, Apple Pay

- Developed encrypted event curation system with role based process
- Integrated Apple Pay for seamless, personalized transactions

Intermission | Sports Fan Engagement App

Tech: Objective-C, Firebase

- Built real time polls and mini-games, for increasing fan engagement
- Used Firebase sync to deliver match updates

EDUCATION

BCA – Veer Narmad South Gujarat University (2016)

First Class with Distinction

HSC – Sadhana Vidhyalaya, Surat (2011)

First Class

SSC – NAVCHETAN Vidhyalaya, Surat (2013)

First Class

LANGUAGES

- English
- Hindi
- Gujarati
